## Our Offerings...

Our offering is divided among various projects. We ensure that some of the funds continue to support the charity “Les Restos du Coeur” who provide food packages to those who need them. We also give to help build God's kingdom in France. This year we will, again, be supporting Vision Ouest, a Christian group who wish to revitalise 5 regions in West France, including the Vendée, with every town having a Christian presence. We also give grants towards ministry training, as well as enabling people on low incomes to come to LPO on holiday.

<https://springharvestholidays.com/about-us/lpo-offering>

Your holiday at LPO is delivered by our French non-profit organisation called **Association Le Pas Opton**. Over the winter, LPO hosts church groups, conferences and youth groups from France and the UK. Ask a team member for more information.
