

SPRING HARVEST HOLIDAYS VISION

-  To provide a quality holiday site which will provide a place in which guests can be refreshed and renewed physically, mentally and spiritually.
-  To create space and opportunities in the busy lives of our guests in which God can speak – and be heard.
-  To provide a platform in which the Holy Spirit can minister peace, healing and restoration to individuals, marriages and families.
-  To provide an excellent, safe, “cringe-free” holiday in which non-believing partners, children, family or friends might holiday together.
-  To provide a place where Christians from across Europe might meet together, fellowship, learn from and encourage one another: building relationships that would span national boundaries.
-  To provide discipleship opportunities for young Christians and opportunities for them to learn and develop skills and experience that will help prepare them for lives of Christian service.
-  To worship Christ in this part of France and so change the spiritual atmosphere of the area – with the hope that blessing will follow, and the work of the Gospel advanced in France.
-  To encourage local believers and churches – from the national and ex-pat communities.
